WILL REVIEW YEAR'S WORK. National Children's Home Society

Will Hold Convention. The National Children's Home Society will meet in twenty-second annual con-rention in the United Presbyterian Church at Grand and Clark avenues at 8 o'clock this evening, when an address of welcome will be made by the Reverend John D. Vincil, president of the Missouri Soclety. President Charles R. Henderson of the National Society will deliver his an-nual address, and other prominent work-ers will speak on the work of the last

The Children's Home Society has become the greatest placing-out agency in the United States and one of the largest in the world. Its work of securing suitable homes for children in families has greatly increased during the last few years, and the society is devoting a great deal of time to the study of methods, which will be discussed in the convention.

bill, and that the croper step to be taken is to dump the garbage in the river when the present contract expires. This he says, is perfectly legal, as he was a member of a committee from the T-nth Ward Improvement Association which investigated the matter a year and a half ago. At that time they could find nothing prohibitory to dumping the garbage in the river.

Congressman Bichard Bartholdt will in all probability be seen to-day by the committee, Mr. Koenig said, but no further action will be taken until it is seen what is done to-night by the House of Delegates Mr. Koenig cites the cases of Kansas City and Philadelphia, which he says, dump into the nearest waterways Philadelphia into the Belaware River and Kansas City into the Missouri River. If the Government makes no objection to Kansas City dumping into the Missouri, the holds that no objection will be made to St. Louis dumping its garbage into the Mississippi River.

Otto's son, who bears the same Christian name, is endeavoring to have his father declared of unsound mind and incapable of managing his own affairs. As a reason he cites the fact that he transferred about \$10,000 worth of real estate on the Natural Bridge road to Claude B. Martin without any consideration.

The evidence yesterday dealt largely with the deal with Martin, the burden of the testimony being that Otto was trioxicated when he signed the property over to Martin. Other peculiarities of his character were narrated to the jury to prove that it would be prejudicial to his best interests to leave him in charge of his own affairs.

WILL BRING HOSTS TO CITY

Tenth Ward Committee Will Not | More Than 25,000 Delegates Are Expected to Attend Convention of Disciples of Christ, October 12.

> Active preparations are being made for the annual convention of the Disciples of Christ, which will meet in St. Louis October 12 to 26.

> In point of numbers it promise the greatest religious convention held in this city for many years. A conservative estimate of the actual number it will bring to the city is about 25,000, though it is more likely that this figure will be exceeded because of the inducements offered at this time by the World's Fair.

At the Jubilee Convention in Cincinnati

five years ago 18,000 attended the commu-nion service, while more than 20,000 actual nion service, while more than 20,000 actual delegates attended the convention.

The Christian Church has its own building at the World's Fair, which contains an interesting religious exhibit. The programme provides for a gathering around the Christian Church pavillion, opposite the Texas building at the World's Fair, for 'Disciples of Christ Day' and an afternoon meeting at Festival Hail, at which the Reverend Doctor F. D. Powers of Washington, D. C., will deliver an address. Doctor Powers is one of the best-known leaders of the Disciples and a writer and orator of wide repute.

According to present plans the convention will be inaugurated with a concert Thursday evening. October 12. The regular sessions will be held in Music Hail during the day and in the Colissum at night. Eminent speakers and workers from all over the world will be present.

The personnel of the convention will be made up of the members of the foreign and American Christian missionary societies, the Christian Women's Board of Missions and their auxiliaries.

One of the educational institutions of the church in this State, the Christian College at Columbia, has also been assigned a day at the Fair.

A trainload of this-year students will attend the convention in their regulation caps and gowns. delegates attended the convention.

SCIENTISTS CONFUSED MINISTER. Calth Curists Concentrated Minds

The Reverend Doctor J. M. Buckley, editor of the Northwestern Christian Adthe Scientific Congress at the World's Pair, will deliver a lecture on "Christian Science" at St. John's M. E. Church,

Science" at St. John's M. E. Church, South, next Tuesday.

While speaking on the same subject at the recent General Conference of his church at Los Angeles, Doctor Buckley became confused and forgot his subject, a fact which he attributed later to sudden faintness.

Christian Scientists who attended the lecture say that it was due to their effort at concentration.

They claimed that a number of their faith had gathered in a corner of the hall and centered their mind upon the speaker with a view of confusing him.

"Whatever the cause may have been," said one of the local ministers, who attended the conference, "the fact remains that Doctor Buckley was certainly not at his best during the last half of his lecture on that occasion."

NEWS OF THE CITY CHURCHES. Bishop Wells to Speak at Christ Church Cathedral Sunday.

The Right Reverend Bishop Lemuel H. Wells of the Spokane, Wash., Diocese of the Episcopal Church will arrive in St Louis next Saturday and will probably preach at Christ Church Cathedral at the service Sunday morning. The Reverend Canon Smith, who resigned as assistant at the Cathedral to take charge of a parish in Washington, will be under the spiritual direction of Bishop Wells in his new field. Canon Smith will depart about November 1.

"Christian Experience" was the subject of the paper read at the meeting of the Methodist ministers yesterday morning. The paper, which was read by the Reverend W. L. Gray of Maplewood, was highly commended by Bishop FitzGeraid, woh attended the meeting.

The Reverend Doctor Hugh Black of Edinborough, who is attending the Scientinc Congress at the World's Fair, will be the guest of the Reverend Doctor S. J. Niccolls, pastor of the Second Presby-terian Church, during his stay in the city. Beginning to-day the Evangelistic Com-

mittee of the Presbyterian General Assembly will have two gospel wagons doing work in St. Louis. One of these has been placed in charge of two Cantonese China-men, who will visit Chinatown every Monday night.

"Tom" Mackey, formerly a Chicago aloonkeeper, is conducting services in the City Mission at No. 14 North Seventh street, during the noon hour. Doctor Wilbur Chapman, who will arrive in St. Louis to begin a two weeks' campaign September 25, will have charge of these services upon his arrival. Ministers of the M. E. Church, South,

departed for De Soto yesterday, where the Annual Conference will be opened to-night. It is thought that several changes will be made in the St. Louis pastorates. A Great Sale of Fine Silver.
